Summary

Java Full-Stack Developer with hands-on experience in Java, Servlets, JDBC, SQL, Spring, Spring Boot, React, HTML, CSS, and JavaScript. Experienced in developing full-stack applications by working with frontend, backend, and database technologies. Developed an Online Coding Assessment Platform to reduce manual work, improve efficiency, and provide assessment results quickly.

Technical Skills

Programming: Java, SQL, JavaScript

Core Java: Object-Oriented Programming (OOP), Data Structures and Algorithms

Backend: Spring, Spring Boot, Servlets, JDBC

Frontend: React.js, HTML5, CSS3, JavaScript

Database: SQL

Tools: Git, GitHub, Docker

Internship Experience

Pentagon Space

Dec 15, 2025 – Jun 15, 2026

Java Full-Stack Development Intern

- Gained hands-on experience in Java, Servlets, JDBC, SQL, React, Spring, Spring Boot, HTML, CSS, and JavaScript.
- Developed practical understanding of full-stack application development by working with frontend, backend, and database technologies.
- Gained hands-on experience in developing projects by applying Java full-stack technologies to practical application requirements.
- Worked on developing an Online Coding Assessment Platform to reduce manual work, improve efficiency, and provide assessment results quickly.

Projects

Online Coding Assessment Platform | *React, Spring Boot, SQL, Docker*

- Developed an online coding assessment platform to reduce manual work, improve efficiency, and make the assessment process faster and more effective.
- Implemented an Admin role that allows administrators to create tests, create coding questions, create MCQ questions, and view candidate performance.
- Implemented a Candidate role that allows candidates to take tests and view their assessment results.
- Developed the frontend using React and the backend using Spring Boot, with SQL for database management and Docker for application deployment.

Education

St. John's College of Engineering and Technology

Sep 2022 – May 2026

Bachelor of Technology (B.Tech) in Computer Science and Artificial Intelligence

CGPA: 7.85/10

Government Junior College, Yemmiganur

Jul 2020 – May 2022

Intermediate – Mathematics, Physics and Chemistry (MPC)

Percentage: 88.1%

Government High School, Yemmiganur

Mar 2019 – May 2020

Secondary School Education

CGPA: 10/10

Certifications

Internship Completion Certificate – Pentagon Space

Java Programming Certificate – Infosys Springboard

SQL Certificate – Sololearn

Python Programming Certificate – GUVI
